

Alexander Shevchuk

Junior C#/.NET Developer

29 year old; | Kiev, Ukraine

+38(093)9112459 | shalex9@gmail.com | skype: shevlex | shalex.info | [Linkedin](#)

OBJECTIVE I am a junior C#, .NET, JavaScript Developer. I love my job. I want to be a useful in a team of talented developers. I am ready to work hard, learn, develop. My site: [http://shalex.info/](http://shalex.info)

TECHNICAL SKILLS

- **C#, .NET Core, OOP**
- **EntityFramework, MSSQL**
- **HTML5, CSS3, JavaScript**
- **jQuery, Bootstrap**
- **WebAPI**
- **Angular2+**
- **Gulp, SASS, Git, GitHub**
- **WordPress**

SOFT SKILLS I'm honest, not a conflict, organized, plodding, punctual, diligent, purposeful.
I like to learn, to grow and get to know something new.

TRAINING **GOIT, Frontend Developer course** (6 months). 
On the course, I learned how to create responsive, cross-browser, advanced Web pages, learned the basics of java script, got acquainted with various libraries, preprocessors and other tools a good programmer.
With my work on the course can be found on GitHub: <https://goo.gl/KvSG97>

After these, I went through one more course on **Angular 2+**(JSExpert).

EXPERIENCE My experience in IT is about 1 year. After courses on FrontEnd, I created some simple websites on freelance.
And then **more than 7 months I worked on a project with C#, .NET Core and EntityFramework. In this project, I worked more with BackEnd** part of the personal cabinet.
After the end of that project, **I continue to learn and develop independently in C# and .NET**

EDUCATION From 2006 to 2009 I studied at the **Kiev Industrial College** of the specialty **"Installation and maintenance of devices and automation systems of technological production"**, where I acquired the specialty **technician-electrician**.
